Installation Guide Page 2

Thread slot head screws provided into top and bottom holes of back plate.

Make sure the spindle is centered in the hole. Now test that the interior head fits before fully tightening the screws

Push interior knob in place and tighten Allen set screw

Allen key 

Secure the knob by tightening the Allen screw using the Allen key provided

Latch supplied with wood screws. All necessary set, machine and allen screws are included together with one Allen key. Philips head and flat head screw drivers are required and are NOT INCLUDED but easy to find at any hardware store.

Cat & Dog Knobs

Installation Guide For All Hooks, Pulls, Fixed Knobs and Door Knockers

If attaching to a plaster wall drill a 3/16" hole, tap in the wall plug supplied. Using the screws provided attach the hook to the wall by screwing through the top and bottom holes of the hook into the wall plugs.

If attaching to wood drill a small pilot hole first. Use the same method to attach the pull, knocker or fixed door knob.

Machine screws and 2 wall plugs are included but NOT the Philips screw driver.

Fixed single knob comes with screws to attach knob to the door only and does not include roller or other door latches. For operative door knobs see door knob sets.

Cat & Dog Knobs

Product Care, Warranty and Return Policy for All Dog & Cat Accessories

Martin Pierce Hardware is a designer and manufacturer of door and cabinet hardware. We are a small studio of artisans producing original pieces designed by Martin Pierce and made to order. All sales are final, we do not offer an open return policy so please contact us for any help or to answer questions before you place your order. We pride ourselves on the quality of our work and stand behind our products with a lifetime warranty against defects in casting. Finishes are not covered by this warranty, please refer to product care instructions below for best cleaning practices. Similarly, any damage that occurs through poor installation or care for the product will not be considered a defect.

Internal mechanisms including locks, latches, fasteners supplied by Martin Pierce Hardware but manufactured by others are guaranteed for one year from the date of purchase.

Product Finish & Care:

Our dog and cat accessories are created using the lost wax method of casting and are cast in silicon bronze a quality and durable alloy that is rust resistant. Our castings are made with 85% recycled metal and are made in the USA in Los Angeles.

Bronze

Our dog and cat products are available in the patina shown and are oil rubbed and then sealed with a low luster lacquer. As each piece is hand finished no 2 pieces will be identical and subtle variations may occur. The look of bronze will change over time with each piece developing its unique patina. Cleaning all surfaces with a mild soapy water and a non-abrasive cloth will help the piece age gradually. Do not use cleaning agents that contain abrasive elements or caustic chemicals as these may discolor or corrode the piece. Make sure to dry the surface after cleaning with a soft cloth.

Cat & Dog Knobs

Return Policy for All Dog & Cat Accessories

We do not offer an open return policy, each sale being final unless a piece is defective, so please contact us if you have any questions about a piece before you place your order. Each piece is made and finished by hand and we hope will become a valued treasure. In the unlikely event that a product is defective please contact us so that we may issue a return authorization. Subtle variations in the finish of products will not be considered a defect. The evolving color of a patina that naturally changes over time is also not considered a defect. Similarly, any damage that occurs through poor installation or care for the product will not be considered a defect. On receiving the returned piece and if it is defective, we will replace the product promptly or issue a refund if requested.
